

## ASK ACCOUNTING FROM OFFICERS

Travis Brothers Allege Aaronsons Have Used Mid-Co Funds.

CLAIM \$500,000 DUE

Ask Settlement and Removal of L. E. Z. Aaronson as Treasurer-Secretary.

Asking an accounting for half a million dollars worth of property alleged to have been purchased by L. E. Z. Aaronson, and A. E. Aaronson, secretary and president of the Mid-Co Refining company, with funds appropriated from the treasury of the company, suit was filed in district court yesterday by the Travis brothers and M. M. Travis, S. R. Travis and M. L. Travis. A second suit asks the removal of L. E. Aaronson as secretary-treasurer of the plaintiff company and the third, for another accounting to the plaintiff company of lands and leases held by the Travis brothers, said to be owned by the Travis brothers and the Aaronsons.

According to the petition, the Aaronsons, father and son, used money belonging to the Mid-Co company with which to purchase residence lots in Buena Vista Park. These lots were later sold at a large profit and the money reinvested in lots in Sunset Hill Park addition which were sold and other properties in the county purchased. The Travis brothers claim that Aaronson, secretary of the company, should have sold the properties in trust for the refining company instead, as they allege, take the lands in his own name, or that of his son or wife.

In the suit against the Tulsa Oil company, the Travis brothers claim the Aaronsons have managed this company in such manner as to prejudice the activities of the Mid-Co company. It is claimed that the Tulsa company is now indebted to the plaintiff company in the sum of \$474,887 for this alleged debt, and the money due the plaintiff company from the profits of the land speculations. The Travis brothers seek accounting to the court and a restraining order preventing either of the Aaronsons from selling or transferring any properties now held by them until the final determination of this suit.

## ELMER BLACK IS CAPTURED

Man Who Escaped Jail While Waiting Trial Is in Missouri Pen. Wanted in this county for trial on two charges of burglary. Elmer Black, who escaped from the county jail February 13 of this year while awaiting trial, is now serving four year sentence in the Missouri penitentiary at Jefferson City, after conviction on charges of auto stealing and complicity in robbery, according to information received yesterday by Sheriff Woolley.

Black was implicated with two other youths in the robbery of two stores in this city last fall and while in jail awaiting trial escaped with 17 other prisoners in the jail delivery.

## Convicted Jailbreaker Taken at Collinsville

Speck Mitchell, sentenced to serve five years in the penitentiary last fall for automobile stealing and who escaped from the county jail with 17 other prisoners on February 13, was captured yesterday in his former home, Collinsville, by Sheriff Woolley. This information was telephoned to Sheriff James Woolley last night and N. H. Langley, deputy, was sent to return the prisoner to this city preparatory to sending him to McAlester.

Stolen Auto Recovered. Recovery of a Chandler automobile stolen in this city Wednesday was reported yesterday. N. H. Langley, deputy sheriff, finding the car parked in a farm house yard 8 miles southeast of the city Wednesday night. The car was stolen from F. A. Linn, 214 South Detroit avenue. The farmer on whose property the car was found said that two young men had left the car there Wednesday afternoon, with instructions to hold the auto until they returned.

## Says He Knew Nothing of Distillery Found in His Own Residence

M. C. Hill moved right rapidly yesterday when he left a farm which he is renting from J. M. Hawley, upon which a distillery was found by county officers but he lost the race when the "law" followed him into his home north-east of the city. The defendant is held in the county jail for arraignment on the charge of possession of intoxicants.

Sheriff James Woolley, W. T. Kithcart and Tom Higgins, deputies, yesterday found the distilling apparatus in a farm house in charge of "Red" Ferns, a negro. Ferns who was brought to the county jail, denied knowing the distillery was in the second room of a small house which he occupied. The officers learned Hill had left the house a few minutes before and he was followed into the house, arrested in possession of a quart of corn whiskey.

## WILL PAY HONOR TO MARINE HERO

To Give Military Funeral For Tulsa Who Died While Overseas.

Military services appropriate for the occasion will be conducted Sunday afternoon, August 22, for George Monroe Burnside, a Tulsa young man, member of the U. S. Marines, who died in France during the world war. Services will be in charge of Joe Carson, post, American Legion. Convention hall will probably be the scene of ceremonies.

Mrs. Jennie T. Burnside, the mother, who conducts a popcorn stand near the Broadway theater, has just received word from the war department that the body of her son is now on its way from France to the United States, and that it will arrive in Tulsa some time during the coming week.

"We want to make this an important affair," she said, "and attention and reverence it deserves," said G. F. O'Brien, member of Joe Carson post and chairman of the committee on arrangements for burial. It is immaterial whether Burnside lost his life by an enemy bullet or from sickness. He was over there to do his part—and he did it until his death.

Mr. O'Brien said the use of Convention hall would be obtained if possible, that ceremonies may be held indoors where there is plenty of seating room for members of the legion and all others who want to attend.

RELL WILL BE TRIED TUESDAY.

Negro Accused of Murder Recovered Sufficiently For Hearing.

Arthur Bell, a negro charged with the murder of George Smith, negro, in a revolver battle on North Greenwood avenue July 26, will have his preliminary hearing before Justice H. J. Gray, next Tuesday, the defendant having been transferred from his home in the northeast part of the city to the county jail.

Bell was shot through the legs in the fight in which Smith was fatally wounded, but because of the physical condition of Bell, the sheriff allowed him to remain at his home and receive medical attention until yesterday.

Home again from a very successful Post Graduate Course, where I learned many new and successful ways to benefit people with trouble of the Eye, Ear, Nose and Throat.

## SENATOR FIGHTS DEFLATED CREDIT

Owen Wants to Know the Views of Entire Country on Board Action.

What is the attitude of Tulsa's business men regarding the return of legitimate credits to normal conditions? Is it generally desired that present deflation be forced out, and that conditions of a year ago be substituted; does Tulsa, from a business standpoint, condemn the attitude of the federal reserve board in its policy of bringing about deflation?

Senator Robert L. Owen, who is making a fight on the reserve board for its actions, wants to know the attitude of the entire country. Believing that the United States chamber of commerce is the representative business organization of the country, he wants it to submit a referendum to its thousands of members in the country for its opinion on the general sentiment regarding credits.

The attitude of Tulsa's chamber of commerce, which represents practically all lines of industry, will probably be made known at the luncheon of directors today noon at the Kennedy restaurant when the question is submitted for approval or disapproval.

Senator Owen's fight is not so much against purely speculative credits, of which the number in recent months has been tremendous, but he does contend that legitimate credits—credits that concern established businesses and lines of industry—should be more easily obtained from member banks of the federal reserve.

Burn, Burn, Itch! Itch! Are Your Feet This Way in Summer?

If they are, there is no need to have them. Compressed in seating leather, padded on hot pavements and roads, can you imagine the result to any other portion of your body if it were so treated? Feet were not made to suffer any more than arms or hands. When you come home at night, remove your shoes at once, bathe the feet with warm water, dry very carefully and thoroughly rub in Turpentine.

Turpentine penetrates the inflamed tissues, removes the redness and soreness and brings almost instantly a refreshing sense of coolness and relief.

Turpentine soothes too, and always soothes the counter-irritant and healing. No need of extra care that Turpentine does not stain or discolor your skin. It is clean and does not stain.

Most any drugist will assure you of its merit. Try one application from a 30c size jar and if not the most pleasing remedy you have ever used, take it back and get your money. —Adv.
